Features

- Material : Metal lever and bushing are nickel plated metal
- Frame is metal plated steel
- Terminals are nickel plated brass
- Base is phenolic
- Standard toggle lever
- Indicator plate, waterproof boot, safety cover and connector are optional

Specifications

Rating	: 15A 125V AC 10A 250V AC
Contact resistance	: 50mΩ Max.
Insulation resistance	: DC 500V 100MΩ Min.
Dielectric strength	: AC 1,500V 1 minute
